

## Lawn Care Products Application Notice Act

LaGrange School District 105 uses Integrated Pest Management – a program that combines preventive techniques, nonchemical methods (such as bait traps), and the appropriate use of pesticides (with a preference for organic products when available and all products being least harmful to human health and the environment). The following dates our lawn care provider, Natural Lawn of America, will be applying fertilizer:

April 18, 25 2015

June 9, 10 2015

August 13, 14 2015

October 12, 17 2015

Signs will be posted to indicate the treatment has been applied.

Anyone with questions about Lawn Treatment application in LaGrange School District 105 may contact Facilities Manager, Ken Valskis, at 708-482-2700.
